# WARRANTY & POLICIES

FRAMED CABINETS

---

## WARRANTY & POLICIES

F R A M E D C A B I N E T S

---

### DAMAGE CLAIM SUBMISSION TERMS

Please read the following carefully before submitting any claim. All claims must be made within 14 days of the purchase date.

Any and all damage claims must first be filtered out and pre-qualified by the dealer. It is the chore and responsibility of the dealer to determine the legitimacy of a claim before forwarding it to NGY Group Inc.

It is incumbent upon the end user, whether a homeowner, contractor, or related, to carefully inspect the cabinet or piece before disposing of the original packaging, including the cardboard box. Once the original packaging has been disposed of, it is assumed that the items have been thoroughly checked for damage, therefore, any subsequent claims will not be honored. The same conditions apply to the doors and drawer fronts which are factory wrapped with clear protective plastics. Any damage, defect, or imperfection can be seen through the clear protective plastic wrapping. Once the clear protective plastic wrapping is removed, it is assumed that items have been thoroughly checked for damage, defects, and imperfections, therefore, any subsequent claims will not be honored. Damage claims will not be accepted for any installed products.

It is not the duty of NGY Group Inc. to do the purchaser's due diligence prior to a claim. It is not the duty of NGY Group Inc. to provide free replacements for invalid claims. NGY Group Inc. reserves the right to terminate a customer's account for submitting false and invalid claims. Filing false claims is against the law and prosecutable.

All minor adjustments, including but not limited to resetting of drawers on their track, adjusting hinges, door and drawer heights and swings, tightening screws and touch up, etc. are common and well known across the industry to be the responsibility and chore of the installer, not NGY Group Inc.

### PICK UP POLICY

Prior to collecting your order, the invoice and packing slip must be prepared and all items must be inspected to ensure accuracy. All items being collected must match the list specified on your invoice and packing slip. Failure to collect items within three days from the date of purchase may result in a stocking fee being applied. The customer is required to conduct a final check of the prepared merchandise, including the item model, size, color, and quantity. By signing the packing slip, the customer acknowledges and confirms that the received items comply with the purchased items

### RETURN & EXCHANGE POLICY

If a customer is not satisfied with the merchandise after receiving the items, it may be returned or exchanged with limitation:

- 1) Merchandise along with the original purchase invoice must be delivered to NGY Group Inc.'s warehouse within 14 days of the purchase date.
- 2) No exchange or return allowed for any opened box cabinets, assembled cabinets, special orders, and unopened wet box merchandise.  
It is NGY Group Inc.'s sole decision to accept or reject any returned merchandise.
- 3) Exchanged merchandise must be picked up at NGY Group Inc.'s warehouse. NGY Group Inc. is not responsible for delivery or any associated costs from the exchange.
- 4) 15% restocking fee will be applied to all returned merchandise. Return/exchange of defective merchandise is subject to its warranty.

### WARRANTY GUIDELINES

Kitchen cabinets and vanity cabinets ["Cabinet(s)"] sold by NGY Group Inc. is backed by a 1 year limited warranty on manufacturer defects in material and workmanship under normal use from the time it is originally purchased. This limited warranty applies to cabinets used in residential applications in the United States; and the cabinet is warranted only to NGY Group Inc.'s direct customers. No warranty is extended to any third parties. The original proof of purchase and invoice is required when submitting any warranty claim.

### WARRANTY LIMITATIONS

This limited warranty does not apply to cabinets that:

- Have been modified in any way
- Were installed improperly or damaged prior to and/or during installation
- Were installed outdoors
- Have been subject to misuse, neglect, physical or chemical abuse
- Have been exposed to extreme temperature
- Have been exposed to extreme humidity

- Have been exposed to direct sunlight
- Were damaged by fire, flood, or other acts of God

In addition, normal incidental deterioration, such as nicks, scratches, abrasions, and natural characteristics of wood (defined below), will not qualify for warranty claims. Natural wood may vary in color, characteristics, and exhibit subtle changes as it ages. Environmental conditions, such as sunlight, smoke, steam, and household chemical cleaners, will affect the color of cabinets from time to time. These variations are considered to be the natural changes of wood but not defects that shall not be covered by this warranty.

It is the sole decision of NGY Group Inc. to either repair or replace the affected components if defects exist during the warranty period. However, NGY Group Inc. updates its product line periodically. If the defected cabinet is discontinued, NGY Group Inc. will reserve the right to replace the affected component with a new component of the same style, or to replace the affected component and any other components to achieve a uniform appearance with a similar and comparable cabinet style of the originally purchased style. If the components are replaced, NGY Group Inc. cannot guarantee the finish of these replacements will match the finish and appearance of the components in the residential application.

The warranty does not cover flooring, tile, sink, accessory, countertop, appliances, plumbing fixtures, etc., or the costs, including labor, to remove and reinstall materials and related components such as fittings.

## DISCLAIMER OF WARRANTIES

No representative of NGY Group Inc. has the authority to change or enlarge this warranty. The foregoing limited warranty is in lieu of and excludes all other warranties not set forth herein, whether expressed or implied, by operation of law or otherwise, including but not limited to any implied warranties of merchantability or fitness for a particular purpose. To the extent that any implied warranties may nonetheless exist, by operation of law, any such warranties are limited to the duration provided by that law.

## CABINET CARE & MAINTENANCE

In order to keep your cabinets in good condition, you should:

- Open and close doors and drawers gently
- Clean up spills and any standing liquid immediately
- Dust cabinets regularly
- If necessary, apply mild cleaning products to the cleaning cloth, NOT directly to the cabinet
- Treat your cabinets as your furniture, a professional wood furniture care product is highly recommended when maintaining your cabinets
- Attempt to repair minor damages to avoid deterioration

and you should **NOT**:

- Expose cabinets to extreme humidity, extreme temperature, and direct sunlight
- Overload drawers and shelves
- Use drawers as a step
- Use water/alcohol/detergent/ammonia/abrasive cleaners to wipe cabinets
- Use wax/silicone/petroleum to polish cabinets
- Leave wet cloths draped over cabinet door or drawer
- Attempt to repair severe damage without professional help
